DIR Contract Number: DIR-MSS-SCP-001

Appendix 8 to
Tenth Amendment of
Master Services Agreement

Attachment 13-A
Description of Reports

January 15, 2021

Attachment to Managed Security Services Service Component Provider Master Services Agreement DIR Contract No. DIR-MSS-SCP-001

Between

The State of Texas, acting by and through the Texas Department of Information Resources

and

AT&T Corp.

Attachment 13-A
Description of Reports

January 15, 2021

		Cha	ange Log
CCR	Amendment	Date	Description of Change
CCR-000278	N/A		Deleted rows 36 through 56, revised row 59, revised rows 74 through 76, added 15 reports to the "Security Monitoring and Device Management" section (beginning on row36), added & corrected data for Report IDs (column C), Report Location (column I), New or Existing Report (column K), and the RACI columns O and P of the "STC Reports" worksheet.
CCR-000329	Amendment 2	12-Dec-18	Updates made to align with new MSI contract. Changes include additions, deletions, and changes to reports. Added: -Monthly Incident Management Report -Enterprise Event Management Report -Pool and Rate Card Report -Pool and Rate Card Report -RCA Report -Problem Management Report -Asset Inventory Summary Report -Digital Availability Plan -All Open Changes - at Customer and Enterprise Levels -Key Performance Indicators -Operating Measurements -Monthly Security Status Review -Monthly On-boarding/Off-boarding Report -Access Management Report -Security Initiative Reports -DIR Board Report -Monthly Operations Statistics Dashboard - DCS, MAS, MSS, Texas.gov -Open Project Status Report Removed: -DR Test Results report removed -RU Forecast Report removed -Individual Monthly Reports for Key Measures -Various reports and data required to validate SLAs -Revised: -Description of Monthly Service Provider Scorecard -Description of STC-OPS-SLA01
CCR-000350	Amendment 4	26-Jun-19	Adds: - Account Access Report for DIR's Statewide Portal for Enterprise Cybersecurity Threat, Risk and Incident Management (SPECTRIM) System for local government entities; - Application Availability Report for DIR's Statewide Portal for Enterprise Cybersecurity Threat, Risk and Incident Management (SPECTRIM) System for local government entities.
CCR-000419	Amendment 7	26-Jun-19	Removes: - Account Access Report for DIR's Statewide Portal for Enterprise Cybersecurity Threat, Risk and Incident Management (SPECTRIM) System for local government entities; - Application Availability Report for DIR's Statewide Portal for Enterprise Cybersecurity Threat, Risk and Incident Management (SPECTRIM) System for local government entities.
CCR-000437	Amendment 8	23-Oct-20	Adds: • Tab "STC Reports": - Operational Reports for Endpoint Detection and Response (EDR) Services; - Configuration Reports for Endpoint Detection and Response (EDR) Services.
CCR-000XXX	Amendment 10	15-Jan-21	Tab "Change Log" - Corrects formatting of CCR numbers (Column B, Rows 5-9) Tab "STC Reports" - Adds Advanced Threat Hunting One-Time Scan Report and Advanced Threat Hunting Subscription Report to Security Monitoring and Device Management report category (Rows 81 & 82).

Overview

This Attachment contains a summary description of the format, content, and frequency of key reports required by DIR and Customer. NOTE: The reports listed under the following Report Categories apply to all Service Components: Scorecard; Finance; CMDB/Software Reports; SLAs; and, Strategic.

Column Name	Column Description
Contract Reference	MSA reference, if applicable
Report Category	Functional Category
Report ID	Identification title of the report
Report Name	Name of report
Description	Short description of the report and report content
Milestone Deliverable Date (if other than Commencement)	The milestone deliverable date for each report
Frequency	How often the report is distributed.
Recipient	DIR or Customer for whom report is created.
Report Location	Where the report is published ; Portal, email etc
Report Generator Tool	Tool from which the Service Provider creates the report
New or Existing Report	If the report is currently provided by the Existing or being requested New
Report Data and Creation	Each column indicates which Service Component Provider provides the data for the report
Report Data and Creation	and which Service Component Provider creates the report.
Report Start Date (if other than	The starting date for each report after Commencement Date.
Commencement)	The starting date for each report after commencement bate.

	Incident Reports													
			Monthly Incident Management Report	Key issues relating to Incident Management processes. Number of Incidents during the month, grouped by severity, service, agency, region, classification or other criteria as appropriate. List of Incidents, short description, reference number, and a shortcut to detailed description. Detailed description, including timing of activities. Links to Problems and Known Errors. Trend analysis of the Incidents reported during the thirteen (13) most recent months. Calculate metrics and provide monthly reports to DIR and Customers, which include: The number of Incidents. Frequency regarding the types or categories of Incidents. The duration of open Incident (average and quantities by age). Number and percentage of Incidents Resolved upon first contact. Trending metrics in terms of MTTRS (mean time to restore service) by category, priority and by service or SLA. Number and percentage of SLA impacting Incidents. Number and percentage of Incidents (by category, priority, service and SLA) that were handled within the SLA targets. Number and percentage of Incidents (by category, priority, service and SLA) reopened. Number and percentage of Incidents (by category, priority, service and SLA) reopened. Number and percentage of Incidents (by category, priority, service and SLA) reoccurring. Number and percentage of Incidents that have resulted in the creation of problem records. Percentage (by category, type and priority) of Incidents that were resolved by use of an Incident Model; Number and percentage of Incidents escalated by organization, category, priority and Service. The association of Incidents by cause and resolution by Service Component. Other pertinent information regarding Incident Resolution, including Service Level measurement reporting.
